

Heavy Duty Clean.

DS8 Ultra Performance Commercial Steam Vacuum

The Steam Cleaning Powerhouse

Introducing the DS8 Ultra Performance Commercial Steam Vacuum.

Maximum performance and super capacity distinguish the **DS8 Commercial Steam Vacuum** as an excellent commercial cleaning machine.

The simple principle of steaming and vacuuming in one integrated operation provides superb cleaning and sanitizing results.

Even the most stubborn dirt dissolves with less detergent easily utilizing germ killing steam. The powerful vacuum makes a fast, complete pickup.

DS8 can even be used as an environmentally safe and effective alternative to pesticides in some pest control applications.
